Membership Committee

## January Membership Meeting Wednesday, 16 January 2008

**Bayfront Convention Center - 1 CEU**

**The Port Erie Power Electric Generating Facility**

Presented by Greg Rubino and Dave Sadaly, Erie Renewable Energy, LLC

The Port Erie Power facility proposed by Erie Renewable Energy, LLC will utilize Tire Derived Fuel (TDF) to generate approximately 100 megawatts (MW) of electrical power. The project will be located on the South Yard and Dunn Brickyard portions of the former International Paper site near East 12<sup>th</sup> Street and Downing Avenue which has been designated as a Special Industrial Area (Brownfield) by the PA Department of Environmental Protection.

In addition to introducing cutting-edge global technology for TDF to Erie with the associated jobs and tax dollars, the project will contribute to solving the waste tire disposal problem (330 million waste tires per year in the U.S.) while generating affordable sustainable electrical power to help meet the additional 365 MW demand by 2025 forecast as announced by the U.S. Department of Energy.

**LOCATION**

**Bayfront Convention Center  
 Bayfront Parkway, Erie, PA 16507**

**5:30 pm  
 6:30 pm**

**Social hour  
 Dinner, Program**

**Menu**

- Crusted Tilapia**  
Herb crusted Tilapia with Roasted Pepper Cream Sauce.
- Chicken Oscar**  
Crab Meat, Asparagus, & Cilantro over a sautéed Chicken Breast topped with Scallion Hollandaise.
